PROGRAMME

The Resolve Academy Advanced Arbitration Programme is a high-level, practice-oriented training course designed for experienced arbitration professionals seeking to deepen their expertise and advance toward a career as an arbitrator.

The programme combines theoretical instruction with intensive practical engagement through simulations, written assignments, and collaborative group work. A central feature of the course is a series of in-person workshops conducted in key regional hubs, each spanning one to two days and held periodically throughout the year.

DELIVERY METHOD

The Course will be delivered through in-person lectures, interactive workshops, and self-paced learning modules. Participants will have access to the course materials and participate in discussions.

FACULTY

The course will be taught by a team of experienced arbitrators, practitioners, and academics with expertise in international arbitration.

The Course offers a unique opportunity for participants to enhance their knowledge, develop their skills, and expand their professional network in the field of international arbitration. We invite interested individuals, practitioners, and professionals to join us in this exciting journey and equip themselves with the tools and expertise needed to excel in the dynamic field of international arbitration.

LEARNING OUTCOMES

While grounded in a comparative approach to leading arbitral frameworks, the programme highlights practical applications under major institutional rules, including the ICC, LCIA, and UNCITRAL models, ensuring participants gain versatile and globally relevant expertise.

Beyond its academic and practical components, the programme serves as a unique professional platform for exchange and networking, connecting participants with distinguished arbitrators, experts, and institutional representatives through interactive workshops, discussions, and mentorship opportunities fostered by Resolve Academy's international partnerships.

This advanced-level programme is specifically designed for experienced arbitration and dispute resolution professionals aiming to expand their expertise and prepare for roles as arbitrators in international proceedings.

Given the programme's interactive and practice-oriented nature, participants are expected to possess:

- **Substantial prior experience in arbitration, litigation, or transnational commercial law;**
- **Advanced proficiency in English, enabling active participation in discussions, workshops, and written assignments.**

This programme is particularly suited for professionals seeking to enhance their procedural insight, arbitral reasoning, and decision-making skills within the international arbitration community fostered by Resolve Academy's global training network.
